

# Does your child or teen need help with their changing emotions and behaviors?

MHC Healthcare has expanded Behavioral Health Services for children and teens at our Wilmot Family Health Center to meet the growing needs of our community.

We can help with:

- Case Management
- Life Skills
- Individual Therapy
- Family Therapy
- Psychiatric Services

***Our therapists are here, prepared to help!***

Call 520.682.1091, press option 2, then 4 to speak with our membership department about getting things going for your child!

**MHC Healthcare**
